Preamble

The Halton Hills Public Library Board, established in 1974 by municipal by-law 74-43, is the successor to the Library Boards of Acton (est. 1898); Georgetown (est. 1895) and Esquesing (est. 1973).

In 1985, subsequent to the passage of the *Public Libraries Act*, 1984, Council passed by-law 85-77 which re-established the Halton Hills Public Library Board, specified the number of board members and the composition of the membership, and authorized the Chief Executive Officer appointed by the board to call the first meeting of the board in each new term.

The new by-law took effect after the municipal election of November 12, 1985 at which time by-law 74-42 was repealed. In 2003, by-law 85-77 was updated following changes in the *Public Libraries Act*.

In addition to amendments in board composition, by-law 03-0116 expanded the qualifications for board members and the desired membership mix. A copy of the municipal by-law establishing the current library board can be found within the *Board Policy Manual*.

The *Board Policy Manual*, which follows, contains the approved by-laws of the board as well as approved operating policies. In addition to the *Board Policy Manual*, a *Library Personnel Policy Manual* exists to document policy with respect to staffing issues.

The *Public Libraries Act* states that a library board “shall seek to provide, in co-operation with other boards, a comprehensive and efficient public library service that reflects the community’s unique needs”. To fulfill this responsibility, the Halton Hills Public Library Board has adopted the following Vision, Mission and Goals.

Article 10 - Code of Conduct

The Board will govern with a style that emphasizes:

- encouragement of, and respect for, diversity of opinions;
- strategic leadership;
- clear distinction between the roles of the Board and the Chief Librarian;

- ensure continuous good governance through periodic discussion of process improvement, and through active recruitment of new Board members;
- monitor and discuss the Board's performance.

Board members are expected to be loyal and supportive of the interests of the Halton Hills Public Library. This accountability supersedes any conflicting loyalty such as that to advocacy or interest groups, membership on other Boards or employment with other organizations. This accountability supersedes the personal interest of any Board member acting as an individual consumer of the library's services.

Board members must avoid any conflict of interest with respect to their fiduciary responsibility in compliance with the “Municipal Conflict of Interest Act”.

- There must be no self-dealing or any conduct of private business or personal services between any Board member and the library except as controlled by procedure, to ensure openness, competitive opportunity and equal access to “inside” information. Each Board member shall disclose to the Board any personal interest which s/he may have in any matter pending before the Board and shall refrain from any participation in any decision on such matter.
- Board members must not use their positions to obtain employment in the organization for themselves, family members or close associates.
- Should a Board member be considered for employment with the library, s/he must temporarily withdraw from Board deliberation, voting and access to applicable Board information.

Board members should refrain from exercising individual authority over the organization. For example,

- Board members’ interaction with the Chief Librarian or with library staff must recognize the lack of authority held by any individual Board member or group of Board members;
- Board members’ interaction with the public, the media or any other group must recognize the same limitation of any Board member or group of Board members to speak for the Board;
- Board members will refrain from making judgments of the performance of the Chief Librarian or other library staff, except through the official performance review process.

Board members are expected to act in an ethical and businesslike manner. This commitment includes the proper use of authority, the protection of confidential material, appropriate decorum in a group and as individuals, and respect for others and their contribution to the Board.

Board members will acknowledge the Chair as the primary spokesperson of the Board. Any member speaking on behalf of the Board must present Board positions fairly, accurately and

without bias. Board members expressing personal opinions should clearly identify such remarks as personal and not those of the Board.

Article 11 - Officers of the Board

During each four year term, the term of office for Chair and Vice-Chair will be two years. At the end of two years, the Vice-Chair will assume the office of Chair and an election will be held for the office of Vice-Chair. Should the Vice-Chair decline to assume the office of Chair, elections will be held for both positions. The past-Chair/Vice-Chair may be re-elected for non-consecutive terms only. Councillor appointees may not serve as an Officer of the Board.

- d) which may constitute a conflict of interest related to the issue of personal collection. Personal collecting is defined as the acquisition by Halton Hills Public Library and its employees, and the Halton Hills Public Library Board of an artwork similar to or related to that which the Halton Hills Public Library collects or intends to acquire. All Library staff and Board members are required to declare a conflict of interest when such a situation arises. - Both parties are in full agreement with the terms and conditions
- Both the acquisition and disposal of the artworks are documented for the permanent records
- **Transfer:** The Halton Hills Public Library may acquire artworks by transfer from other institutions. The transfer must be supported with documentation.

The Halton Hills Public Library will accept donations of artworks based upon the following considerations:

- Are in good to excellent condition

Approval Process for Acquisition

Acquisitions are ultimately the responsibility of the Chief Librarian in consultation with the Helson Gallery Curator. The Curator will issue a prospective donor or vendor a *Temporary Receipt* when artworks are received for consideration by the Halton Hills Public Library Board.

If the work is rejected, the owner will be notified and given thirty days to retrieve the artwork. If the owner does not retrieve the artwork within thirty days it will be returned to the owner at the owner's expense.

A *Deed of Gift* or sales invoice must be signed to prove the transfer of ownership if the work is accepted. The owner has six months to return the signed Deed of Gift to the Curator. If the owner does not return the signed Deed of Gift in that time period, the artwork is returned at the owner's expense.

Income Tax Receipts and Appraisals

Once a year income tax receipts for artworks are issued to all donors to the Halton Hills Public Library art collection. The receipt will reflect fair market value at the time of acquisition determined by appraisal. All tax receipts are issued by the Town of Halton Hills. A tax receipt will not be issued before a Deed of Gift agreement is signed. The appraisal will not be undertaken before a Deed of Gift is signed.

The appraisal is undertaken by an appraiser acting at arm's length from the Halton Hills Public Library and the donor. If an appraiser is used that is not selected by the Halton Hills Public Library, two letters of reference must be received by the Curator before the appraisal can be completed.

The Curator may provide in-house appraisals for works of art valued at \$1000 or less. The cost of an outside appraisal for income tax purposes will be borne by the donor.

The Curator will not recommend to the public a specific dealer, appraiser or auctioneer, but may provide information with the understanding that this does not constitute an endorsement.

Documentation

The Halton Hills Public Library must accurately and thoroughly document the art collection to realize its value and significance. Documentation is essential for collection development, research, preservation and interpretation. Documentation is the responsibility of the Curator. Documentation will include information in written, electronic, audio visual or graphic form pertaining to the identity, locality, provenance and transfer of legal title of the artworks in the collection and other related information regarding significance, function, description and condition.

When being integrated into the collection, each artwork must be described and/or photographed in sufficient detail to enable the detection of deterioration. Any change in condition or treatment to an artwork will also be documented, such as conservation by a conservator.

Temporary or permanent change in the status of an artwork such as an outgoing loan on exhibit or deaccessioned must be thoroughly documented. The Halton Hills Public Library will use accepted and consistent standards, methods and procedures to document the collection.

Documentation must be maintained as a permanent record. Legal documents dealing with acquisitions must be kept in hard- copy form with duplicate set stored in an off-site location. Copies of electronic records must be maintained and stored off-site. Documentation should be maintained in a secure and stable environment.

in proper and current methods of care and handling of the collection, as it pertains to their area of work.

The preservation of the art collection is the direct responsibility of the Curator and the Halton Hills Public Library staff as appropriate.

Use

The Halton Hills Public Library is committed to long-term preservation of artworks. A balance must be struck however between preservation of the collection and its use for research, exhibition and educational, promotional and commercial purposes. Access to the collection is provided through exhibitions, collection records, research files, and consultation with the Curator. The Freedom of Information pursuant to the Municipal and Protection of Privacy and Copyright legislation restricts access to some information.

The Halton Hills Public Library also respects the provisions of the Ontario Heritage Act and the Occupational Health and Safety Act.

Intellectual access to the collection through records, images and other information may be requested for publication, research, web sites, electronic media, display, promotional materials, personal use, media, films, and advertising. Access to and use of the collection is at the discretion of the Curator and is generally provided to any person who can demonstrate a need.

Determining factors include:

- Condition of the work of visual art
- Risk to the work of visual art

When an artwork is deaccessioned, the Halton Hills Public Library must ensure:

- it has clear title to the work or in the case of poorly or undocumented material, be able to demonstrate that it has made a serious diligent and documented investigation to determine ownership
- there are no legal restrictions that prohibit deaccessioning the work

- the reasons for the removal of the work from the collection must be thoroughly documented
- in accordance with professional standards and documentation

If a work is undocumented, the Halton Hills Public Library must make serious and documented effort to learn more about it before considering deaccessioning

Process of Deaccessioning

The process for deaccessioning must be initiated with a written proposal supported by appropriate documentation and recommended means of disposition. The proposal must be brought forward for review by the Curator and the Chief Librarian will then forward the proposal to the Halton Hills Public Library Board for approval.

Methods of Disposition

A demonstrative effort must be made to keep a deaccessioned work in the public domain and in Canada by offering it to other museums or public institutions as a gift or for exchange.

A member of the Halton Hills Public Library Board, Halton Hills Public Library staff or volunteers and their family members may not acquire through any means any work deaccessioned by the Halton Hills Public Library.

When the Halton Hills Public Library chooses to deaccession a work, the Curator may consider notifying the original donor as a courtesy.

The following methods may be considered for disposition of a work from the collection:

1. Gift to another public gallery, museum or institution
2. Exchange with another public gallery, museum or institution
3. Sale through a publicly advertised auction sale or by reputable and established dealers. Funds from the sale are deposited with the Halton Hills Public Library Board and set aside for future acquisition of artworks for the Halton Hills Public Library collection.
4. Destruction
 - if the work poses a danger to staff, public or the collection
 - if the work has deteriorated or is damaged to the point where it does not serve a definable purpose

- if all reasonable efforts have been made to dispose of the artwork through other methods.
Two witnesses must be present to observe and record in writing the destruction.

Repatriation

The Halton Hills Public Library may repatriate artworks in accordance with the principles and guidelines stated in the Canadian Museums Association Ethics Guidelines. All requests for repatriation must be approached with respect and sensitivity. Halton Hills Public Library recognizes that requests for repatriation can only be resolved on a case-by-case basis.

Policy Review

The Halton Hills Public Library Art Collection Management Policy is approved by the Halton Hills Public Library Board. The Halton Hills Public Library Art Collection Management Policy is reviewed on a regular basis, or any time that changes are deemed necessary. The Chief Librarian and the Curator will conduct the review. The *reviewed* version is submitted to the Halton Hills Public Library Board for approval.

Children’s and Youth Services Policy

Every young person, from infancy through the teen years, will have access to the services of the Halton Hills Public Library. The library will provide appropriate material in print, non-print and electronic formats, as well as resources, programs and reader guidance to meet informational and recreational needs. CAYS also serves parents, caregivers and other adults. Library staff will assist children and their parents or caregivers to evaluate and choose material tailored to their individual needs, standards and abilities.

We strive to maintain an environment that is inviting to and respectful of the needs of children and youth. For these groups, each branch of the library will have dedicated areas with appropriately-designed furnishings and equipment.

Intellectual Freedom

The Halton Hills Public Library Board adopted the OLA’s *Children’s Rights in the Public Library** statement in 1998 and their *Teen Rights in the Public Library***. Subsequently, these documents are reflected in all of our children’s and youth policies. The document states that

children have the right to intellectual freedom and the right to access all information and services in the library. The library has no mandate to act “in loco parentis” and thus it is the responsibility of parents to monitor and decide what print or electronic materials or information they will permit their children to access.

Safety

The Halton Hills Public Library is committed to the well-being and safety of children. We want children to enjoy the spaces, services and programs designed with their needs and interests in mind. However, any public place may present risks for young children who are not accompanied by a parent, guardian or responsible caregiver. To reduce these risks, Halton Hills Public Library requires that children under the age 10 years must be accompanied by a parent, guardian, or a responsible person 12 years of age or older except when attending a children-only library program.

Children’s and Youth Services Staff may assume temporary supervision of a child while the child is attending a children-only library program, otherwise, staff will not be responsible for supervising or monitoring accompanied or unaccompanied children of any age. The responsibility for the safety and behaviour of children in the library rests with the parent, guardian, or caregiver and not with the library staff.

All Halton Hills Public Library staff are required, under the *Child and Family Services Act*, to report to the Children’s Aid Society, suspicions of physical, emotional or sexual abuse of children who are, or appear to be, under the age of 16 years. All Children’s and Youth Services staff are required to provide Vulnerable Sector Clearance.

Partnerships

Halton Hills Public Library will work with other community agencies to advocate for children and to develop strong community networks, build institutional supports, and form mutually-beneficial partnerships on behalf of children.

*** OLA Position on Children's Rights in the Public Library**

Children in Public Libraries have the right to:

- An advocate who will speak on their behalf to the library administration, library board, municipal council and community to make people aware of the goals of children's services.
- Library policies written to include the needs of the child.

**** In recognizing the vital role that libraries play in literacy and youth development, the Halton Hills Public Library Board adopts: Teen’s Rights in the Public Library**

1. Intellectual freedom, that is, free access to library resources and information sources and the right to select materials appropriate to their needs without censorship.

Confidentiality and Retention of Patron Information Policy

Confidentiality of Patron Information

It is the policy of the Halton Hills Public Library Board to maintain the privacy of the patrons of its services and to consider any library records containing information leading to the identification of an individual patron to be confidential in nature. The Chief Librarian serves as the Privacy Officer for the Halton Hills Public Library.

The library collects information solely for the purpose of managing library operations. The purpose for collection is conveyed to the public on the patron registration form, as follows:

Personal information on this form is collected under the authority of the Public Libraries Act, R.S.O. 1990, c. P 44; S. 23 S.S.4 (f) and is subject to the provisions of the Municipal Freedom of Information and Protection of Privacy Act. This information is used for the administration of the library program including the lending and retrieval of material, the collection of fines and fees, service planning and development. Questions about this collection should be forwarded to the Chief Librarian, 9 Church St., Georgetown L7G 2A3 (905) 873-2681.

The Board will adhere to the provisions of the provincial “Municipal Freedom of Information and Protection of Privacy Act”, R.S.O., 1990. Library records of patrons are for the sole purpose of protecting public property. Access to these records is limited to:

- library employees for service delivery and planning purposes; and
- the individual to whom the information relates, or if the individual is less than sixteen years of age, to the parent/guardian.

The individual will be requested to provide proof of identity before any information from his/her patron file will be released.

Under no circumstances shall library staff provide information from a patron’s record to a third party. No library records containing personal information shall be made available to members of the public, press, or any agency of government except under due process of law.

The Board and staff shall resist the issuance of enforcement of any such process until such time as a proper showing of good cause has been made in accordance with Section 32 of the “Municipal Freedom of Information and Protection of Privacy Act”, R.S.O., 1990. Such exceptions include “disclosure to an institution or a law enforcement agency in Canada to aid in an investigation with a view to a law enforcement proceeding or from which a law enforcement proceeding is likely to result”. It also includes compassionate circumstances which would “facilitate contact with the spouse, a close relative or a friend of an individual who is injured, ill or deceased”. All requests for the disclosure of personal information shall be made in writing to the Chief Librarian. The Chief Librarian will determine the appropriateness of the request, and

may bring the request to the attention of the Library Board, and/or require a court order or subpoena from a competent jurisdiction. Moreover, any costs incurred by the library in the provision of required information, even under court order, shall be chargeable to the agency or individual demanding such information.

Exceptions

- If patrons do not return items on time, or owe the library money, the Halton Hills Public Library reserves the right to provide such information to other libraries, a collection agency or to take legal action if warranted.
- If the library provides an enhanced service or program through a third party, that company must inform the patron of their privacy policy. The third party must receive consent from the patron.

Retention of Patron Information

Information respecting library patrons will be retained according to the schedules described below. Retention periods depend on whether a patron record has the status of “active” or “inactive”

Active Patrons

Patrons who have used their Halton Hills Public Library card in the last two years will be considered active. Any information such as fines/fees paid or waived and lost items returned will be deleted from the active patron’s history file after seven years; other basic contact information such as the patron’s address, phone number and email will be retained.

Inactive Patrons

Patrons who have not used their Halton Hills Public Library card in two years will be deemed to be inactive, and their records will be purged electronically from the database following three years of inactivity if there are no blocks attached, e.g., fines, charges, lost items. Inactive cards with blocks will be retained for seven years. After seven years, records will be electronically purged from the database regardless of unresolved blocks.

Patron Data

For the purposes of following up on lost items or on damages after an item has been checked in, staff can determine the last borrower until the next check in or for 180 days if the item has not been borrowed.

A patron has access to his/her borrowing record which includes his/her contact information, items currently borrowed, items reserved, reserved items awaiting pick-up, items overdue and lost, and outstanding fines/fees. A patron does not have access to a full history of items borrowed and checked in, unless s/he has agreed to the storage of borrowing history, subject to the retention policies of a third party (e.g., Innovative Interfaces).

Data on a patron's reserves is kept until the reserve is fulfilled, cancelled by the patron, or until the reserve has expired (one year, but may be extended on request).

Emergency and Security Policy

The Board shall ensure that adequate emergency and security procedures are established and maintained for each facility in its jurisdiction. It shall be guided in this by the applicable legislation and municipal policies.

The Chief Librarian has the responsibility for recommending policies to the Board and for organizing the initial response to an emergency. In the absence of the Chief Librarian, responsibility lies with an in-charge person (ICP). In the event of any emergency, the ICP shall implement procedures and notify, as soon as possible, their supervisor and the Chief Librarian. The Chief Librarian will advise the Board Chair or designate, and if appropriate, the Mayor, the

Town's Chief Administrative Officer, Commissioner of Corporate Services and the Commissioner of Recreation and Parks.

Emergency and security procedures are outlined in the In-Charge Person (ICP) Manual and staff designated to exercise ICP authority shall be fully conversant with this manual. The ICP Manual deals with more common emergencies such as a failure of electricity, heating and water, and less common emergencies such as fire, a gas leak, noxious fumes, severe building damage, severe accidents involving injury, and severe weather conditions. The ICP Manual also includes procedures for a lockdown, where the evacuation of a branch is neither safe nor advisable and steps are required to isolate patrons and staff from danger. It shall be the responsibility of the Chief Librarian or designate to ensure that this manual is kept up-to-date and that staff are properly trained.

In the case of very uncommon emergencies involving the Library and beyond, the Chief Librarian will be guided by the Departmental Emergency Response Plan and the Town's Emergency Response Plan. Examples of such an emergency include extensive flooding, tornado damage, and a pandemic significantly affecting the health of staff and the general population. The Chief Librarian is responsible for supplying and updating Library-specific information to this Plan.

When the resources of the Library are deemed insufficient to control the emergency, the Mayor, the Chief Administrative Officer, the Commissioner and Chief of Fire Services and/or the Chief of Police are authorized to activate the Town's Emergency Notification System in accordance with the Emergency Response Plan. The Communications Supervisor of the Halton Regional Police Service will notify members of the Emergency Control Group, designated by the Town. The Chief Librarian is a member of the Town's Emergency Support Group which provides logistical and technical support to the Emergency Control Group in areas related to their expertise. Specifically, the Chief Librarian is responsible for providing comprehensive information services as deemed necessary, and maintaining a log to record all actions.

With regard to building security, all staff members with the exception of Library Pages have been provided personal keys/fobs for all staff doors. Staff that may require access, have been provided with a building security code for the Acton and Georgetown branches.

Keys/fobs are the responsibility of the recipient. Key/fob holders will be asked to sign a statement confirming their possession of a key/fob and their responsibilities. This statement will be kept in the personnel files. For security reasons, keys/fobs shall not be given out or the security code disclosed to anyone that is not entitled to them, as outlined above. If a staff member leaves the employ of the library for any reason:

- The staff member's building security code will be deleted immediately.
- The staff member's fob will be deactivated immediately
- The staff member shall return all keys/fobs on their last day of employment.

The Board shall ensure that community protective services have the information they require to carry out their responsibilities.

Fines and Charges Policy

Under the authority of the *Public Libraries Act*, the Board may charge for services not specified under such legislation as free and may levy fines for the late return of material. (Fines and other charges currently in effect are found in Appendix #2).

Fines are calculated from the due date and include every calendar day subsequent to the due date.

No exception is made for days the library is closed, as book drops are available at both branches. In the event that material is lost (or irretrievably damaged) and must be paid for, the patron will be assessed either the original list price or a standardized price for the type of material lost as set out in the Schedule of Replacement Charges - Appendix #3. A processing fee will be added to the item charge. Should the lost material be found and returned within one (1) year of the payment, the patron will be refunded the amount paid (minus the overdue fine) upon presentation of the receipt for said payment.

The cost of repairing damaged material will be charged to the borrower responsible. When a patron claims that lost material has been returned, staff assigns a "claims returned" status to the material in question for a period of six (6) months. If the missing items do not appear during this six (6) month period, a replacement and processing charge will be added to the patron's record.

Fundraising Policy

With increasing costs and dwindling provincial government support, it has become necessary for public libraries to consider revenue that may be generated through fundraising activities. Funds raised allow libraries to undertake special projects including enhancements to areas that could otherwise not be done. The risk is that the municipal council may perceive these funds as replacing money that would be normally transferred to the library's budget. As such, fundraising should be limited to special projects or enhancements that current revenue sources do not or cannot cover.

While it is tempting to use fundraising to pay for day-to-day operations, especially if the budget has been cut, fundraising is generally not appropriate for covering operating expenses. Usually fundraising is the most successful when donors understand that there is a specific object or target in mind.

Prior to launching into a fundraising project, staff will need to clarify the following:

1. The purpose of the fundraising. The purpose should confirm:
 - that the project cannot be supported by the library’s operating or capital budget (this may necessitate a review by the Board);
 - that the Friends of the Library cannot undertake this fundraising;
 - that the reason for raising funds would be well received by the community.
2. How the funds will be gathered, and tracked.
3. What approach will be used to seek funds, e.g. the publicity strategy.
4. Who will be responsible for overseeing the project. Fundraising can be a time-intensive process. Careful planning of the process should include a realistic evaluation of the staff time involved as well as any other financial resources required.
5. How the project will be evaluated.

The Board needs to be aware of any fundraising activities initiated by the library and as such, proposals to fundraise must be presented to the Board in advance. The Library Board needs to feel confident that the fundraising project is necessary and that it will be successful.

Please note that the above policy does not include grant applications.

Information Services Policy

Information Services, in the broadest sense, is one of the library’s core businesses. For the purposes of this policy manual, the term is used to describe those services which the Library provides to connect customers to appropriate resources in fulfilment of their informational, educational, cultural and recreational needs. Emphasis is on providing a uniform standard service

of the highest quality possible consistent with available time and resources. This policy will also serve as a guideline and resource for public service staff.

Service Objectives

Information Services is defined as reference assistance in which staff work with patrons to clarify their question(s), explore the type of resources needed to answer these questions and to locate and supply those resources. It also includes facilitating patron access to services outlined in the Board's Operational Policy. Program registration and proctoring services are also provided.

Staff will meet the information needs of library patrons as efficiently, accurately and as completely as possible. Staff will assist or educate the patron to navigate through those resources and may demonstrate how to use the various tools and resources available in print, on-line or in other formats using various technologies. Staff will provide the following services: quick reference that can usually be answered immediately; and general reference that usually requires a lengthier interaction and involves a number of sources to arrive at an answer.

Staff will refer customers to other libraries, agencies and community resources if unable to find an answer using HHPL's resources. The library subscribes to and participates in the interlibrary loan conventions applicable regionally, provincially, nationally and internationally. The specific provisions and criteria governing the library's Information Services and interlibrary lending can be found in the Board's Resource Sharing Policy.

In order to meet these objectives, access to an up-to-date, relevant and readily accessible working collection of electronic and paper materials is vital. Collection acquisitions and maintenance are regulated in accordance with the Halton Hills Public Library's Material Selection Policy.

Guiding Principles

Patrons will be served in accordance with the Board's Service Policy. Patrons will be served with respect and courtesy, in a non-discriminatory, timely manner. Staff will accord equal attention and effort to each information request. Time spent by staff may vary in response to resources available. All staff is responsible for making each transaction a positive experience.

Staff must provide access to library material in accordance with the *Canadian Library Association's Statement on Intellectual Freedom* (Appendix #4). No pre-selection or censoring of information will be undertaken based on staff perception of patron needs.

Personal philosophies and values will be set aside in recognition of each individual's right to have requests for information treated with courtesy and respect. Similarly staff will not attempt to interpret legal, medical, technical, mathematical or other specialized information when answering information requests. Staff is encouraged to direct clients to the best, or the most appropriate material while acknowledging the full range of information.

Professional judgement and initiative are encouraged to satisfy patron information needs. When appropriate, staff will consult with colleagues when such collaboration could assist in answering questions.

Confidentiality of patron information will be upheld in accordance with the Board's Confidentiality and Retention of Patron Information Policy. Similarly, staff will strive to deliver services in accordance with the Diversity and Inclusion Policy.

Priorities of Service

Information service will be provided to all questions received whether the question is delivered in person, in writing, through telecommunication or electronically. Questions are taken in sequence and answered on basis of priority. Priority will be given first to in-person inquiries, and secondly to telephone requests. Other forms of inquiry will be dealt with in sequence and/or by evaluating the apparent or expressed degree of urgency.

Statistical Measure

To assess and evaluate information services and to comply with the requirements of the Annual Survey of Public Libraries, statistics on references questions will be kept and analysed.

Preamble

Internet access is available on selected public terminals for all users of the Halton Hills Public Library. The Library also provides free wireless Internet service. Access to the Internet is compatible with the Halton Hills Public Library Board's endorsement of the *Canadian Library Association's Statement of Intellectual Freedom* (Appendix 5).

The Internet allows users to connect to a vast array of resources. Halton Hills Public Library has no control over these resources nor does the library have complete knowledge of what is on the Internet. Information on the Internet may be comprehensive, reliable and current, or it may be inaccurate, incomplete, out-of-date, or inappropriate. Since the Internet is an unregulated medium, users access the Internet at their own discretion. Knowledgeable staff will assist patrons with Internet use as time permits but cannot offer personal instruction.

Content filters can be activated on the stations. However, such filters are not fool-proof and do not guarantee that potentially offensive material will be blocked. Conversely and more importantly, filters may also prevent access to useful material. Content filters are activated on all stations located within the Children's Department.

Illegal Use

Patrons are subject to federal, provincial and municipal legislation regulating Internet use, including the provisions of the Criminal code relating to obscenity, child pornography, sedition and the incitement of hate. Users must also refrain from any actions, which might cause them to be civilly liable, e.g., using e-mail to defraud, harass or defame others.

- a) A computer system owned, operated and/or controlled by the library; and/or
- b) An Internet connection owned, controlled and/or provided by the library (including any wireless connection),

Any person who contravenes this part shall defend, indemnify and hold harmless the library and its directors, officers, employees, agents and trustees, from and against any and all complaints, claims, actions or demands, disclosure requests, compliance notices, administrative monetary penalties, fines, damages, injunctive relief, class actions, legal fees, expert fees and disbursements.

Inappropriate Use

Patrons must bear in mind that they are accessing the Internet in a public area shared by people of all ages. As such, the Library reserves the right to ask individuals to refrain from displaying disturbing or offensive imagery.

Parents or guardians of minor children must assume responsibility for their children's use of the Internet.

Unauthorized Use

Patrons must not attempt to gain unauthorized access to the computer system or try to change or damage the hardware, software or system infrastructure.

Violation of the Policy

Patrons not adhering to the Library's Internet Use Policy will have their Internet privileges revoked. Those who use the Library's Internet stations for illegal purposes will be subject to prosecution.

Library Responsibilities

The Library staff will:

- Allow all workstations to be available to any person, regardless of age;

- Recommend links to reputable Internet resources;
- Make patrons aware of the Internet Use Policy through signage and other publicity;
- Make every effort to ensure compliance to the Internet Use Policy;
- Take reasonable measures to protect the privacy and confidentiality of Internet users.

Given the nature of the Internet:

- The Library assumes responsibility only for the information provided on its web pages (www.hhpl.on.ca);
- The Library cannot guarantee stable web site links as they change rapidly;
- The Library assumes no responsibility for any direct or indirect damages arising from the use of its connection to the Internet.

Library-on-Wheels Service Policy

Halton Hills Public Library Board supports a residential delivery service to community members who are unable to visit the library. This free service may be requested by an individual, or the individual's family, caregiver or health professional. It is available to clients in the hospital or other medical care facilities, in their own homes or in group residences. Library-on-Wheels is a function of Circulation Services. All selections are made by staff; all deliveries are made by volunteers, unless volunteers are unavailable.

Eligibility

Service is available to any resident of Halton Hills who is unable to use Library facilities due to a disability, infirmity, illness or injury of either a temporary or permanent nature. A Supervisor speaks with the prospective client, his/her caregiver or health professional to determine eligibility for the service along with the needs and preferences of the client.

Fee

There is no charge to residents for this service. Fines are not imposed on this material.

Confidentiality

In accordance with the Halton Hills Public Library Board’s policy on “Confidentiality of Library Records”, all efforts are made to ensure client confidentiality is strictly maintained.

Volunteers

All Library-on-Wheels deliveries are made by volunteers, though Library staff may make deliveries in cases when the scheduled volunteer may not be available and a replacement cannot be found. Volunteers are selected using a set interview process. All volunteers are required to provide an up-to-date security screening and a vulnerable sector screening security check obtained through the police. Volunteers receive full orientation and training.

Visits - Individuals

Visits are conducted on a monthly schedule. Individuals are assigned a delivery route. Each route is assigned to a specific volunteer. The visit schedule is set based on convenience for the client.

Visits - Seniors Housing Residences

The Library-on-Wheels Service provides deposit collections for seniors’ residences, or other group homes/residences where there are a significant number of persons who could qualify for individual service. The establishment of such a service is dependent on concluding a satisfactory agreement with the management of the residence.

Material Selection

Each Library-on-Wheels client is assigned a Library staff member who is then responsible for selecting material for that client. Selections for clients may be made from all circulating collections. The number of items is based on the client’s preferences. Details as to the client’s Library material preferences are kept in the patron’s electronic record. The nature of the material desired is established and adjusted throughout the client’s relationship with the library.

Local History and Archives Policy

Introduction

The Halton Hills Public Library maintains a special collection in order to conserve local history and to provide access to unique materials that help researchers and the public better understand our past.

The purpose of the Local History Policy is to help clarify and guide the growth and maintenance of the local history and archives collections.

The Halton Hills Public Library Board will make every effort, as budget will allow, to provide space that preserves and secures material appropriately.

In 1982, the Halton Hills Public Library Board and the Esquesing Historical Society agreed to create an archive for the Town of Halton Hills.

The Society agreed to deposit its collection on permanent loan, actively solicit the donation of material of historical importance, and endeavour to support the development of the collection financially. The Library agreed to provide space for storage, some of the funding required to maintain the collection, and most of the staff support for its organization and access.

Purpose and Scope

The Halton Hills Public Library's Local History and the Esquesing Historical Society's Archival Collections preserve material that documents the history of the Town of Halton Hills (formerly known as the Town of Acton, the Township of Esquesing and the Town of Georgetown) and vicinity. This material is made available to researchers and the general public.

The Archives will accept historical material of any medium, including:

- textual records
- photographs and other visual records
- maps, plans and architectural records
- sound recordings and oral history recordings

- video recordings and video history recordings

The Archives does not accept museum objects due to space limitations.

Within the limits of the donor agreement or copyright, the Esquesing Historical Society and the Halton Hills Public Library retain the right to reproduce material by mechanical, electronic or photographic means for security, conservation or research purposes.

The Esquesing Historical Society and the Halton Hills Public Library retain the right to charge for any reproductions or other research service.

Partnership

The Halton Hills Public Library Board recognizes that the Esquesing Historical Society is a long-standing and key partner in the delivery of local history resources.

As part of this partnership, the Esquesing Historical Society improves access to the local history collection by applying for grants to support equipment and student assistance. The Library in turn provides space, technical support/training and supervision.

Purchases, Gifts and Loans

Consideration for inclusion either in the Archives or Local History collection will be based on the overall merit of the material and in its usefulness in understanding Halton Hills' history.

Donations to the Archives will be accepted provided that there is a signed *Deed of Gift* form that legally transfers ownership of the material to the Esquesing Historical Society or the Halton Hills Public Library. A provenance record of all donations to the Archives will be maintained.

When a donor wishes to place material on indefinite loan in the collection, the Esquesing Historical Society will decide whether to accept the loan and, if so, make the appropriate arrangements.

Withdrawal of Items from the Collection

The Esquesing Historical Society has control over their archival collection and as such, any disposition of the collection is at Esquesing Historical Society's discretion. Upon request, Library staff will assist with the disposal. Halton Hills Public Library owned items deemed no longer relevant will be withdrawn and staff will attempt to donate any items to another historical agency. If the item is not needed by any other historical agency, the item will either be sold or recycled. Items loaned to the Library will be returned to the owner.

Lockdown Policy

The Library Board has developed this policy to support and empower staff to take action in an emergency situation. Delay or not responding in a timely manner during emergencies could result in an increased risk of injuries. The in-charge staff member is encouraged to declare a Lockdown and call Police when he/she feels the safety of the public or staff is in jeopardy.

A Lockdown is a response to an emergency situation where the evacuation of a branch is neither safe nor advisable and steps are required to isolate patrons and staff from danger. Every situation is different, but the most common situation warranting lockdown would be a violent or armed individual entering the library and either threatening violence or committing a violent act. It is important for staff to be prepared to react to this type of situation in a calm manner and to get themselves and the members of the public to a secure location as quickly as possible.

When a Lockdown is declared by the in-charge staff member, all staff will take immediate precautions to ensure the safety of persons within the building by directing them to take cover in the closest secure location. The in-charge person will ensure that 911 has been called and will contact the Chief Librarian or designate if possible. All staff members within the library are responsible for ensuring that no one leaves the secure locations until the Lockdown is removed by the in-charge staff member or the Police.

It is important to note that library staff will not always be able to move patrons to secure locations if the patrons are not complying with the staff requests. Reasonable efforts should be made to bring as many members of the public into the secure locations as quickly as possible, but if someone is refusing to comply with staff direction there is no way to coerce people into compliance, and the delays that could result from arguing with a customer could substantially increase the risk of injury for the staff member.

The in-charge staff member is asked to use his/her best judgement in declaring a Lockdown. However, staff will not be reprimanded for calling the Police or deciding on a Lockdown response if at a later time it was determined to be unnecessary.

Material Selection Policy

The Board of the Halton Hills Public Library accepts and endorses the *Canadian Library Association's Statement on Intellectual Freedom* (Appendix #4) and declares that the following policies shall guide the Library Board and staff in the matter of material selection.

1. Material selection is the responsibility of the Chief Librarian and such staff who are qualified by reason of education and training. Material selected by the Chief Librarian or designated staff shall be held to be selected by the Board.
2. Selection of material shall be made on the basis of its value of interest, information and enlightenment for all people of the community. No material shall be excluded because of the race, nationality, political, social or religious view of the creator.
3. The Library will assume no responsibility for acting "in loco parentis" with regard to controlling the use of Library material by minors. Library patrons are encouraged to consult with staff in selecting from the resources of the collection but it will be the responsibility of parents and/or guardian to determine the suitability of material for their own children.

4. Since the Library is a tax-supported institution, any citizen has the right to question the inclusion or exclusion of any title in the Library's collection. Procedures have been established which will ensure the serious consideration of any request for removal, restriction or addition of any item. However, until such consideration has been made no removal or restriction shall take place.
5. No group or individual will be permitted to impose a partisan emphasis upon the Library's collection. Frankness of language, a widespread and contemporary phenomenon, will never, in itself, be considered sufficient justification to remove or restrict library material. Each book or other item must be judged on its own merit. Citizens unwilling to accept the Chief Librarian's decision may appeal to the Board.

Material is selected on the basis of one or more of the following criteria:

- a) Perceived and anticipated demand
 - b) Reputation of the creator and his/her significance as a writer, filmmaker, etc.
 - c) Favourable reviews from reputable sources
 - d) Importance of the subject matter to the collection

 - h) Authoritativeness
 - i) Reputation and standing of the publisher
 - j) Availability of the material from other sources
 - k) Price
 - l) Format
 - m) Professional production standards (e.g. Editing and layout)
6. The Library Board shall encourage gifts, donations, or bequests. Where these take the form of material or equipment, it shall be the Board's policy that:
 - a) The Library cannot accept any gift accompanied by provisos for its use or maintenance that conflict with Board policies, goals or objectives.

- b) The Library reserves the right not to accept any gift that will require of the Library a financial commitment toward maintenance, use or expansion.
- c) Gifts of material will be accepted by the Library within the following guidelines:
- Material obtained as gifts, including self-published material and that of local creators, must meet the same standards as those stated in the Library's Material Selection Policy in order to be included in the Library collection.
 - Any gift will become the property of the Halton Hills Public Library.
 - Tax receipts will only be issued for accepted donations of historical significance and/or large theme collections when accompanied by an appraisal that reflects the current market value.
 - Appraisals must be done by a Canadian Revenue Agency approved appraiser. The donor is at liberty to make his/her own arrangements for an appraisal. The cost of the appraisal must be borne by the donor.
 - No guarantee can be made that any gift will be a permanent part of the collection.
 - Any gift of a periodical subscription must be for a minimum of three years and is subject to need and space.
 - Library staff reserves the right to add only selected items from any donation.

The library should only appear as the location of the meeting.

All organizations or individuals must clearly specify their names in advertisements of meetings being held in library facilities. The phone number of the organization or of an individual should be listed as a source for further information.

Occupational Health and Safety Policy

The Halton Hills Public Library is vitally interested in the health and safety of its employees. Protection of employees from injury or occupational disease is a major continuing objective. The Board will make every effort to provide and maintain a safe, healthy work environment in compliance with the Occupational Health and Safety Act. All employees must be dedicated to the continuing objective of reducing risk of injury.

Halton Hills Public Library Board as employer, is ultimately responsible for worker health and safety. The Chief Librarian will take every reasonable precaution for the protection of workers.

Supervisors will be held accountable for the health and safety of employees under their supervision. Supervisors are responsible to ensure that machinery and equipment are safe and that employees work in compliance with established safe work practices and procedures. Employees must receive adequate training in their specific work tasks to protect their health and safety.

In keeping with the Internal Responsibility System*, every employee must protect his or her own health and safety by working in compliance with the law and with safe work practices and procedures established by the Board.

It is in the best interest of everyone to consider health and safety in every activity. Commitment to health and safety must form an integral part of this organization.

The Halton Hills Public Library has established a Joint Health and Safety Committee (JHSC) that consists of both workers and managers, and examines health and safety issues on an ongoing basis. A report on any incidents occurring at the library and/or involving library staff in the course of his/her work will be a standing agenda item at every Board meeting.

*The Internal Responsibility System is the underlying philosophy of the occupational health and safety legislation in all Canadian jurisdictions. Its foundation is that everyone in the workplace – both employees and employers – is responsible for his or her own safety and for the safety of coworkers. Acts and regulations do not always impose or prescribe the specific steps to take for compliance. Instead, it holds employers responsible for determining such steps to ensure health and safety of all employees.

Internal Responsibility System does the following:

- Establishes responsibility sharing systems
- Promotes safety culture
- Promotes best practice
- Helps develop self-reliance
- Ensures compliance

Operational Policies

Hours of Operation

The hours of operation shall be determined by the Board in accordance with their service objectives and subject to their financial resources.

The Board shall provide notice of changes in operation 30 days prior to the change becoming effective.

In the event of severe storms, electrical service failure or other physical problems that make the facilities unusable, the Chief Librarian or designate shall have the power to close the facility for the duration of the problem. During a temporary closure, every effort will be made to inform the public and staff. The Chief Librarian will also advise the Board Chair as well as the Mayor and Town's Chief Administrative Officer.

Membership

Membership in the Halton Hills Public Library is free to anyone who is:

- a permanent resident of the municipality or
- works for a firm/organization located in the municipality or
- studies in an educational institution located in the municipality or
- a non-resident but pays taxes (household or business) within the municipality.

This is a lifetime membership, assuming active use of the library and compliance with Library Board policies.

Eligibility

Eligibility for membership is extended on a reciprocal basis to the members of other public libraries in the Regions of Halton and the County of Wellington. Members of other libraries in these regions, by presenting their card from their home library as proof of eligibility, may register in Halton Hills with no charge.

Persons lacking an objective form of identification which includes a birth date and who appear to be under the age of 15 shall have a parent/guardian acknowledge acceptance of responsibility for any material borrowed.

Persons registering for membership shall supply identification which verifies their eligibility for membership.

Non-residents of Halton Hills who are not eligible for membership under any of the other provisions or reciprocal agreements may obtain a card upon payment of a yearly fee as outlined under the Fines and Charges Appendix #2.

The privilege of membership may be withdrawn from any person who willfully or negligently contravenes the rules of the library or who damages library material or property or who refuses to return or pay for lost or damaged material borrowed on his/her card.

Access and Lending Policies

In accordance with the *Public Libraries Act*, no charge shall be made for access to this library's collection or for borrowing any of the material specified in the regulation.

The Chief Librarian or designate may make such rules and regulations governing the circulation and use of library material as may be required. The loan periods and terms of circulation for various materials are set out in Appendix #1.

Patrons must present their membership card to borrow, renew material or pick up their reserved material.

Overdues and Recovery of Material

Public library services are based on the principle that library patrons assume certain responsibilities when using a community resource. One of these responsibilities is to return borrowed material by the specified due date so that material is available to others. The non-receipt of notices or the fact that the library may not be open at any given time shall not absolve the borrower of his/her responsibility.

To encourage the prompt return of material and ensure fair use of its services, the Halton Hills Public Library has established overdue fine rates. All borrowers shall be subject to fines but supervisory staff may exercise discretion in the application (e.g., waiving due to infirmity, bereavement or other exceptional circumstances). Fine rates are reviewed annually to ensure that they are reasonable and do not deter use. Patrons may examine their own record at any time to determine what material and/or fines they have outstanding.

The library has established a process for the handling of overdue material. This process is as follows:

- **Two days prior to the due date of items**, any patron who has provided the library with an e-mail address and provided consent to receive this service will be sent a notification that his/her items are coming due.
- **At 3 days overdue**, the patron is advised via an automated telephone call or by e-mail (if he/she has provided the library with an e-mail address and consent) to return the material.
- **At four weeks overdue**, the patron is advised via an automated telephone call or by e-mail (if he/she has provided the library with an e-mail address and consent) to return the material.
- **At eight weeks overdue**, the patron is advised via an automated telephone call or by e-mail (if he/she has provided the library with an e-mail address and consent) to return the material.
- **At twelve weeks overdue**, the patron is advised a final time via an automated telephone call or by e-mail (if he/she has provided the library with an e-mail address and consent) to return the material.
- **At 6 months overdue**, the material is considered “lost”, and the system automatically adds a replacement cost to the patron’s record.
- In exceptional circumstances the Board reserves the right to undertake legal proceedings, if warranted.

At any point during the above process, patrons may state that they have returned the material. The material will be checked in and the status changed to missing. Once a patron exceeds the threshold of three claims returned, any additional material is left checked out and the status of the item is changed to claims returned.

Supervisory staff has the discretion to override or waive “blocks” according to established procedures. Patrons may appeal staff decisions to the Chief Librarian. Patrons may then appeal the Chief Librarian’s decision to the Library Board.

The library will inform patrons about the fines and the handling of overdue material through publicity. The message conveyed to the public should not be a punitive one. The overriding goal is to protect the collection so that there is sufficient material for all patrons to enjoy.

Photography and Video Policy

The collection of photographs and video for marketing and communications purposes follows the guidelines of the MFIPPA (Municipal Freedom of Information and Protection of Privacy Act). The privacy of library patrons will not be violated.

Definitions

- a) **Express Consent** is permission given for something either verbally or in writing (for example, a photo release giving permission for the Library to use a photograph in its publicity)
- b) **Implied Consent** is the assumption of permission that is inferred from the actions of the individual (attending a public event where a reasonable person would assume photographs may be taken).

Purpose

The purpose of this Policy is to establish clear guidelines for the collection of photos and videos which may be used in the Library’s marketing and communications efforts.

Event/Onsite Usage

During events or programs on Library premises, it is reasonable that photographs or video may be taken and used for the purpose of the function i.e., to capture the history of that specific event

for promotional purposes. In these instances **consent is implied**. Signage will be posted at events indicating that possibility. Should event participants not wish to be photographed, they must let a staff member know prior to participating in the event.

Children

The protection of children's privacy is of utmost importance to the Library. In order to obtain and use clearly identifiable photographs of children under the age of 18, Library staff will identify themselves to the parent/guardian, inform them where and how their child's photo may be used, and obtain a signed *Photo Release Form* to be kept on file with Marketing and Communications. The signing of the form indicates the parent's **express consent** for their child's image to be used by HHPL for promotional purposes.

Third Party Use

Halton Hills Public Library will never provide photographs for third-party use without the **express consent** of the individual who is the subject of the photograph or in the case of an individual under the age of 18, the **express consent** their parent or legal guardian.

Commercial or Professional Photos/Video

Photographs or videos of the exterior or interior of the HHPL buildings may not be used as the setting for a commercial/professional film, video or photo shoot without the written consent of the Chief Librarian using the *Commercial or Professional Photo/Video Release Form*. Student projects may be allowed but require permission of the staff member in charge. Press and other news media seeking to record video or take images inside the Library must have permission from the Chief Librarian, Marketing and Communications Specialist or designate.

Media

Press and other news media seeking to take photos or video inside the Library must receive permission from the Chief Librarian or designate unless they are in attendance to cover a public event or program. The Halton Hills Public Library Photo release form does not need to be used in the case of a third party (e.g. local media) taking photos for their own use.

Planning Policy

The Board shall maintain an effective planning process for the library in order to fulfill its mandate under the *Public Libraries Act, RSO 1990, cP44, s20(a)*: “A board shall seek to provide, in cooperation with other boards, a comprehensive and efficient public library service that reflects the community’s unique needs”. This policy establishes a formal planning process.

1. The planning process of the board ensures that:
 - a) the vision of the board is realized;
 - b) the library is able to respond to changing needs and trends in the community;
 - c) key decision makers in the community make a long-term commitment to library services;
 - d) services available elsewhere in the community are not unnecessarily duplicated;
 - e) library funds are responsibly expended in a deliberate and accountable manner;
 - f) continuity of services is maintained regardless of changes in the Board or staff complement.
2. To this end, the Board shall:
 - a) develop a formal planning document (strategic plan) that includes the mission, vision statement, and service priorities (objectives);
 - b) develop a cycle for reviewing and assessing
 - community needs
 - services of the library in light of community needs and feedback
 - the current strategic plan
 - the priorities of the municipality
 - c) report to the community on the library’s progress in fulfilling its plan by means of:
 - distribution of an year-in-review report
 - presentations to Council, Town staff, and other community groups
 - d) ensure public information and communication about the planning process and the strategic plan are accessible to persons with disabilities.
3. The Board shall review and assess the library’s current environment through a community analysis and ongoing consultation with patrons.
 - a) Community Analysis: A range of community-related information with possible implications for library service including demographic data, municipal planning

documents and information on local agencies and services, is gathered and formally analyzed at least once every four years, and the results used in the planning of library service.

- b) Patron consultation: Patrons are consulted regularly concerning library service by means of surveys, website polls, focus groups, public forums, etc. The Library will ensure that the opportunity to provide feedback is available to persons with disabilities.

Programming Policy

Purpose

The purpose of this policy is to provide staff with the necessary guidelines to assist them in the development of library programs and to inform the public about the principles and criteria by which programs are selected.

Policy Statement

Programming is an integral part of the Halton Hills Public Library's service to the community. It supports the Library's mission to engage the residents of Halton Hills in exploring ideas, expressing creativity and making connections.

Benefits of Programming

Library programs benefit the community by:

- Promoting an awareness of contemporary issues and information required to engage in society
- Serving as a forum for idea sharing, information gathering and education
- Promoting cultural awareness
- Developing information literacy
- Offering training and assistance with new technologies
- Fostering a love of reading and learning
- Providing early literacy experiences to young children

- Providing a safe, welcoming environment for meeting with others
- Providing community awareness / development
- Stimulating interest in and use of the Library
- Nurturing community cohesion and reduce social isolation by bringing members of the community together
- Strengthening partnerships with a wide variety of organizations
- Attracting new and unique audiences to the Library

Priority to offer Free Programs

The majority of programs offered by the Library are free to attend.

Charging

In some cases there is a need to charge for a program to be sustainable. These programs are either an element of contemporary library service or expand contemporary library service beyond the current abilities of the library and/or capabilities of staff. Fees (per person per hour) will be charged accordingly. To offset obstacles created by charging, staff will work within the Town's Affordability Policy Framework guidelines and use professional discretion when a patron is unable to afford a program

Program Development

The Library will select and plan programs by first defining a purpose and community need, then providing for the program in one of three ways, within the following guidelines:

1. Assigning and training staff to plan and deliver the program.
2. Entering into a contract with a third-party provider to plan and deliver the program.
3. Forming a partnership with a third-party individual or organization to cooperatively plan and deliver the program, with or without a fee.

Refunds

No refunds will be issued for program fees less than \$20.00.

There will be no refunds after a specified date. This date will be included on the registration confirmation.

A refund will always be issued if the Library cancels the program.

Public Relations Policy

An ongoing, comprehensive, and high-level public relations program is a necessity for every public library that wants to make the transition from being, for most of the public, a fringe benefit to being of central economic and social importance to the wide cross-section of people.

Purpose

The goals of our public relations / marketing efforts are:

- To ensure that library representatives, especially those in public relations / marketing roles, interact effectively with the public
- To promote community awareness of library services
- To stimulate public interest in and usage of the library
- To develop public understanding and support of the library and its role in the community

Although much of the Library's day-to-day public relations is carried out by the staff, it is the Board member who represents the Library to the community. Board members should have a wide background of civic and cultural interest in the community, giving them contacts among various groups and organizations and unlimited opportunities to "talk library" to friends, fellow members, and business associates. Just as the library staff has the duty of maintaining good services and good relations with all members of the public, so is the Board member under obligation to act as library ambassador in all community contacts, turning such contacts into channels for building respect and a sense of commitment toward the library.

Another important responsibility of the Library Board is that of maintaining diplomatic and political relations with governing authorities. A cornerstone of these relations is the annual report of the Library Board. The Board, together with staff, should make certain that an interesting, comprehensive report is published and widely distributed and publicized. This report, in addition

to summarizing operational facts, new programs, and such, should cover needed changes that will keep the library not only abreast of, but hopefully one jump ahead of growth and change in the community. (*The Library Trustee--A Practical Guidebook*, Bowker, 1969)

A copy of the latest purchasing policy is available through the Chief Librarian.

Formal bids shall not be required in the following areas:

- where the goods or services to be procured are economically procurable from only one source. Single-sourcing would be supported by a report from the Chief Librarian and/or the Town's Manager of Purchasing.
- in emergencies: an emergency shall be deemed to exist when immediate repairs to, or replacement of, equipment/facilities owned by the Library is necessary in order to permit the library to function and its regular services to be performed, or when there has been a local declared emergency. A report to the Board will follow.

In cases where formal bids are not required because the amount involved is under the established limit for proposals (\$25,000), it is still expected that the purchase decision shall be made on the basis of price (including delivery, warranty, maintenance costs, etc.), quality and dependability and that competitive quotations from the most qualified suppliers will, whenever possible or appropriate, be secured.

Collection Purchases

Staff with the authority to purchase material for collections may authorize purchases within their own area of collection development up to \$10,000, or the budgeted sum for that part of the collection, whichever is less, without the signature of the Chief Librarian.

Non-Collection Purchases Under \$25,000

If the amount of the purchase is less than \$10,000 (done through a Town purchasing card or purchase order), no quotes are required.

For purchases between \$10,000 and \$25,000, the Chief Librarian or designate must obtain three informal written quotes, either by fax or e-mail. Note that only the Chief Librarian can initiate purchases exceeding \$25,000.

In cases where formal bids are not required because the amount involved is under the established limit (\$25,000), it is still expected that the purchase decision shall be made on the basis of price (including delivery, warranty, maintenance costs, etc.), quality and dependability and that competitive quotations from the most qualified suppliers will, whenever possible or appropriate, be secured.

Non-Collection Purchases Over \$25,000

For purchases between \$25,000 and \$100,000, the Chief Librarian will work with the Manager of Purchasing to issue a *Request for Quotation (RFQ)* or *Request for Proposals* or (*RFP*) or *Request for Tenders (RFT)* and obtain at least three formal written quotations or proposals. The differences between an *RFQ*, *RFP* and *RFT* are outlined below.

The *RFQ* or *Request for Quotation* shall be used when the total procurement value of a defined good or service is expected to be more than \$25,000 but less than \$100,000.

The *RFP* or *Request for Proposal* may be used when the requirements of supplies or services cannot be definitively specified, or the requirements or services are non-standard in nature and where such proposals would result in specific offers by the bidders to fulfill the requirements at a particular price. The *RFP* should be used when the total procurement value is expected to be more than \$10,000.

The *RFT* or *Request for Tender* shall be used when the total procurement value of a defined good or service is expected to be \$100,000 or more.

For purchases over \$100,000, the Chief Librarian will work closely with the Manager of Purchasing to ensure that the Board follows a formal tendering process and that all documents are correct and complete as per the municipal by-law. This includes:

- issuing an *Expression of Interest* (not obligatory)
- issuing a *RFP* for professional services where evaluation includes factors other than price
- issuing an *RFT* for furnishings, equipment, construction, etc.
- posting the *RFP* or *RFT* on recommended sites
- conducting a comprehensive evaluation of all qualified proposals

At the discretion of the Chief Librarian, the Board may approve an *RFQ*, *RFP* or *RFT* before it is issued. In all cases of an *RFT*, *RFQ* or *RFP* over \$25,000, the Chief Librarian will provide the Board with a report on the recommended vendor. An *RFQ* between \$25,000 and \$100,000 can be approved by the Chief Librarian. However, the Board must approve the recommended vendor for:

- An *RFP* with a value between \$25,000 and \$100,000.
- An *RFT* with a value between \$25,000 and \$500,000.

All *RFPs* with a value exceeding \$100,000 and all *RFTs* with a value exceeding \$500,000 require a report to Council for approval of the recommended vendor.

Resource Sharing Policy

Halton Hills Public Library has worked cooperatively with other libraries in a variety of settings since the establishment of the Board in 1974.

Resource sharing through the provincial interlibrary loan network is a primary service that supports the mission of the library by providing enhanced access to library materials and information. By participating in resource sharing, the Halton Hills Public Library provides library users with access to shared collections, the collections of other libraries, and makes its collections available to other libraries. This policy establishes a commitment to resource sharing partnerships.

Material Available Through Interlibrary Loan

Interlibrary loan requests will be accepted in the following cases:

- Material not owned by the Halton Hills Public Library
- Material listed as lost or missing in the catalogue

Material Unavailable Through Interlibrary Loan

- Not all formats of material are available through ILL. This is a reflection of other library ILL policies
- High demand books published during the current year, or within 12 months of the current date
- Material which is on order for our library
- Although Audio-Visual (DVD, audiobook) requests are placed, many libraries do not loan this type of material, making requests more difficult to successfully fill

Response Time

Once an interlibrary loan request is submitted you may expect it to take a minimum of two weeks for the request to be filled by a lending library. When several libraries must be contacted before an available copy is located, the process may take longer.

Expenses

Patrons will pay any expenses incurred during the ILL process, except postage, which will be paid by the Halton Hills Public Library. Expenses may be as follows:

- Lending Charges
- Copying fees
- Microfilm rental
- Overdue costs

- Replacement costs – items not returned shall be billed to the patron as billed by the lending library. This may include processing costs as well as replacement cost of item

Patrons using ILL services must have a Halton Hills Public Library card in good standing.

Patrons are limited to ten ILL requests at a time.

Loaning to Other Libraries

The Halton Hills Public Library will loan material abiding by the Southern Ontario Library Service (SOLS) guidelines.

Self-Serve Interlibrary Loan

Staff can set up interested customers with direct access to the provincial database of library holdings allowing customers to place their own holds. Staff will intervene when necessary to help facilitate the successful borrowing of an item. The same loan criteria apply.

Reciprocal Borrowing

Reciprocal borrowing, which allows patrons of the Halton Hills Public Library to visit and borrow material from another library and vice-versa, has been established with all public libraries in Halton Region, and Wellington County. Our experience with the reciprocal borrowing agreements and the provincially supported resource sharing systems has been positive for the patrons of the Halton Hills Public Library. The Board endorses such efforts and will endeavour to maintain and enhance interlibrary cooperation.

The following principles seem to be useful in concluding reciprocal borrowing agreements with other libraries:

1. There should be reasonable expectation of parity in usage between jurisdictions.
2. There should be a material delivery (courier) system in place adequate to support the universal return privilege, which is part of reciprocal agreements.
3. The determination of individual proof of eligibility shall be based on the possession of a card from a library with a current agreement in place.

Safety and Security of Children and Vulnerable Adults Policy

As a public service agency, Halton Hills Public Library shares society's justifiable concern about the potential abuse of children or vulnerable adults by persons in positions of trust or authority. Therefore, the Halton Hills Public Library Board has approved a policy and procedures for requiring and maintaining a current criminal records check which must be renewed every three (3) years, from library employees in specified positions who have the opportunity to establish a relationship of trust with library users.

The requirement of a criminal records check will be clearly indicated in the Library Personnel Policy Manual (Schedule D), in employment documentation and the job descriptions of the subject positions. These positions will be specified and approved by the Board as circumstances require and may be applied retroactively to existing employees as well as to those awaiting confirmation of hiring.

In the event of unsatisfactory results from the check, the Chief Librarian may: withdraw an offer of employment and, if the situation involves an existing employee may, depending on the nature of the results, re-assign or terminate the employee.

Should the Library decide to use volunteers in ways that would mimic the conditions/criteria used to require criminal records checks of employees, volunteers will also be required to obtain the criminal records check.

Halton Hills Public Library will apply due diligence throughout its service development and delivery to ensure that children and vulnerable adults receive the most appropriate attention and precautionary concern.

Shelter in Place Policy

The Library Board has developed this policy to support and empower staff to take action in an emergency situation. Delay or not responding in a timely manner during emergencies could result in an increased risk of injuries. The in-charge staff member is encouraged to declare a Shelter in Place and if necessary, to call for the appropriate emergency assistance (911) if he/she feels that the safety of the public or staff is in jeopardy.

Shelter in Place is a different from a Lockdown response. The in-charge staff member will declare a Shelter in Place as a result of an external situation which may or may not be related to the library (e.g., an environmental situation such as a chemical spill or an extreme weather event in the neighbourhood). Depending on the nature of the event, patrons and staff may wish to seek shelter within the library. However, unlike the Lockdown, patrons would be directed to a safe part of the library but are not locked in. The in-charge staff member will monitor the situation and will consult with emergency services personnel as needed. Patrons and staff will be asked to stay inside the building until the situation is considered safe. As with other emergency situations, it is not possible to coerce members of the public into staying in the building should they wish to leave.

Staff Development, Association Membership, Conference Policy

It is a policy of the Board to encourage attendance at seminars and conferences for Board members and staff. Whenever possible, the Board will provide sufficient funds for staff and Board members to participate in development opportunities that will promote improved service to the community.

A minimum of 10% per year of any amount budgeted for conferences or seminars or for mileage, meals, etc. shall be available to trustees for educational purposes. Interested Board members shall request, at a Board meeting, approval to attend prior to the registration deadline. Each Board member is encouraged to attend at least one conference during his/her four-year term.

If the number of Board member requests to attend the Ontario Library Association (OLA) Super Conference exceeds the amount budgeted, preference will be given to requests from:

- New Board members or returning Board members who have not attended an OLA SuperConference within the current term;
- Board members who plan to attend the Ontario Library Board Association Bootcamp (when offered)

The Board shall cover the total cost of the registration and shall reimburse the Board member for 100% of the travel-related expenses as per the provisions below.

A Board member's attendance at the OLA Super Conference will be capped at two days with the Board determining each year whether any associated accommodation request can be funded. A Board member will submit original, itemized receipts for any approved accommodation expense. Reasonable expenditures for meals/snacks while attending the OLA Super Conference will be reimbursed. Board members must submit original, itemized receipts. The maximum amounts will be reviewed every two years and adjusted if/as required.

Board members are encouraged to travel to conferences, seminars, etc. via GO Transit to minimize travel expenses. Mileage to/from the Board member's home to the nearest GO station will be reimbursed at HHPL's standard kilometres rate. Board members must submit original, itemized receipts for GO Transit fares.

Attendance for staff at conferences and seminars will be paid by the Board in accordance with the Article 10 of the Personnel Policy Manual. When funds are limited, staff is encouraged to cost share to enable as many as possible to attend.

It shall be the policy of the Board to determine for each budget year which institutional or Board memberships the Board shall maintain for that year.

For membership in an organization that will contribute to the professional development of a Librarian or Supervisor, and benefit the Library, the Library shall pay the fee in full.

Volunteers Policy

Recognizing the potential benefits to the library, community and interested individuals, the Board encourages the use of volunteers to enhance library services within the following guidelines:

1. Volunteers will not be used to supplant established paid positions, nor to fill ongoing permanent positions essential to the operation of the library's normal range of services.
2. Volunteers should not be considered for jobs that:
 - involve access to privileged/confidential information (e.g. patron records)
 - require the constant presence/supervision of paid staff or,
 - require more than 4 hours of active training by paid staff.

3. Volunteers should be assigned to meaningful tasks which utilize their talents/abilities; which can be completed within a specific period and for which they have been properly trained and are comfortable performing.
4. Volunteers should be interviewed, selected and trained by the Supervisor who will be responsible for their work. Volunteers acting in specified roles may be subject to the same requirement for a Criminal Records check as paid staff.
5. During the interview/selection process, the potential volunteer should be judged by the same criteria one would apply to a potential paid employee. Unsuitable volunteers may cost the library more in disruptions and wastage of paid staff time than the value of their labour.
6. A reasonably detailed job description/project overview should be prepared for the volunteer to enable supervisory staff and volunteers to clearly understand the task assignment and to aid in training and evaluation.
7. Volunteers working in contact with the public should be clearly identified by name tag labeled "Library Volunteer".
8. As a condition of working in a public capacity, volunteers should be required to avoid interpreting library operations, procedures or policies but should always refer these questions to staff.
9. Volunteers delivering material to a member of the public (Library-on-Wheels) will require a Vulnerable Sector Police check that will be paid for by the library.
